
Local-level model
Model with trend term
Baseline specification
10,000 MCMC iterations
Imputation with response
Post-period from 2018
Training from 2001
Training from 2005
Training from 2008
Climate controls only
Governance controls only
No controls
IBGE planted area
Stored climate and imputation
Local linear trend
Semilocal linear trend
Local linear trend, governance only
Local linear trend, no controls
IBGE, local linear trend
Stored controls, local linear trend
Placebo dates before 2018 (expected ≈ 0)
Placebo 2010–2013, local level
Placebo 2010–2013, local linear
Placebo 2011–2014, local level
Placebo 2011–2014, local linear
Placebo 2012–2015, local level
Placebo 2012–2015, local linear
Placebo 2013–2016, local level
Placebo 2013–2016, local linear
